FORTY-NINTH ANNUAL REPORT OF THE PRESIDENT.

To the Board of Trustees of St. Luke's Hospital:

GENTLEMEN:—In presenting herewith the report for the forty-ninth Hospital year it is with a feeling of gratification that while no great or radical changes have been made, the year has been marked by substantial progress all along the line.

An analysis of the financial affairs of the Hospital shows that the returns from the Smith Memorial have at least equaled our expectations, and have been, in fact, sufficient to enable us to operate the older buildings to their full capacity.

The loss in the operation of the older buildings amounts to about \$83,340.00 and this figure really represents the charity work of the Institution. This is not all expended in the care of wholly free patients but also includes the loss on patients who pay all or a portion of the Ward rate. The increase over last year in the amount of pay work done is fifteen per cent; in free work thirty-two per cent. The average number of wholly free patients was 87. All the patients in the Indiana Avenue buildings were cared for at a loss.

In my last report I commented on the very obvious necessity for a more extended and efficient laboratory, and am pleased to say that during the past few months we have organized this department along lines which will make it a credit to the Hospital. The laboratory now occupies all of the space on the sixth floor of the "K" Wing. Under the supervision of Drs. LeCount and Davis this department will certainly be a credit to the Hospital. To round out the work we need a department in Chemistry.

The number of pupils in the Training School for Nurses has been increased from 115 to 138. On January 1st the number will be further increased to 150

which is the number estimated to be necessary to meet all demands and to allow of better conditions for nurses.

We have fitted up all of the ten apartments in the South Wing of the Saranac as dormitories and the cost has added very considerably to the expenses of the School during the year.

During the past year we have acquired the property next south of the Hospital, comprising a frontage of one hundred feet on Indiana Avenue, at a cost of \$65,000.00 of which \$37,000.00 was paid out of current income and \$21,000.00 remains unpaid, secured by mortgages. It was thought not only advisable but imperative that we should secure this land, not alone with a view to its use as the site for a new building, but to prevent the erection of buildings by others which would be a detriment to this Institution. All of the old buildings on this property have been razed and the ground cleared and fenced, and until other uses develop it is planned to use it as a playground for children.

In my last report I called attention to the urgent necessity of taking some action whereby the old buildings on Indiana Avenue could be replaced by a modern structure. No one can deny the expediency of doing so, owing to the fact that we have not sufficient room now to accommodate all applicants. If these conditions prevail, what will be our position a few years hence owing to the rapid growth of the city. If we had on hand the means at our disposal it would take three or four years to carry out the contemplated improvements as the old buildings would have to be demolished in sections, as also the new buildings would have to be erected in sections, which would take a greater length of time, consequently the imperative necessity of taking immediate action to accomplish this much-needed improvement. We have the space and in time will have the best location on which we may have one of the finest Hospitals in the country.

May I have your earnest consideration in the matter and ask that immediate steps be taken for providing ways and means to carry out the above suggestions.

I desire to give expression to our keen appreciation of the interest shown by all connected with the Hospital, and especially for the efficient services rendered by the Officers and all persons employed under their direction; and of the invaluable assistance rendered by the Woman's Board and its different Committees.

Reference is made to the various Reports which follow as to details of the work of the Hospital.

WILLIAM J. BRYSON,
President.

SUPERINTENDENT'S REPORT.

To the Board of Trustees of St. Luke's Hospital:

I beg to submit my report for the fiscal year ending September 30, 1911.

The statistics which follow and the Report of the Auditors will afford information relative to the work of the year. A large increase in free work and in earnings and a satisfactory financial statement are worthy of special mention.

The greatest need of the Hospital at this time is more and better space for ward patients. The older buildings offer nothing in the way of opportunities for increasing the number of ward beds and very little in the way of possible improvement. At present the Wards are nearly always crowded and there is an urgent demand for more beds. As the primary object of the Hospital is "the care of the sick and needy poor" and as we are now in a position to support more ward beds, it seems eminently proper that some movement be made looking toward increasing facilities for the care of those who can pay little or nothing for treatment. It might be suggested that we reject pay patients and admit a greater number of free but the inevitable result would be that many persons able to pay something would be admitted free and the wisdom of putting people who are able to pay a portion of the cost of their care on a free basis is open to question. At present the ratio of free to pay patients in the wards is above normal. There is also a great need for accommodations for people who are able to pay modest amounts; something between the open wards and private rooms which will afford some degree of privacy and still be moderate in cost both to the Hospital and the patients.

We are making a start in the work of caring for

patients, especially children after they leave the Hospital. This is a broad field and it is difficult to say just how far this line of work comes within the province of a hospital, but at present we are keeping in touch with the mothers of babies, in cases where it seems desirable, and where the children do not make satisfactory progress they are directed to bring the children in for such advice, medicine and food as may be required. In cases where the child needs special food and the parents cannot pay, it is supplied from day to day without cost. We expect to adopt the same plan with regard to all children who come under our care.

The condition of the Hospital Property is good and all parts are being kept in repair and in good working order. The space in the K Wing, formerly used as a dining-room for nurses, could no longer accommodate the increasing number of nurses and the first floor of the Training School was converted into a dining-room and pantry. The old dining-rooms were fitted up for use as class rooms. All the apartments in the South Wing of the Saranac have been arranged for use as Nurses' Dormitories.

As in past years, we have to thank the Woman's Board and its Committees for material assistance.

LOUIS R. CURTIS,
Superintendent.

...Private Rooms...

The private rooms of the Hospital are maintained for the benefit of those who desire superior accommodations and are able to pay the Hospital charges in full.

The reputable and otherwise acceptable physicians of the city are invited to treat their patients in the private rooms. They will have at their disposal all the facilities of the institution.

RATES:

Rooms (2 and 3 beds), \$14 to \$20 each bed per week. Single rooms \$20 and upward per week. Special Nurse, undergraduate, \$15 per week. Special Nurse, graduate, \$25 per week.

A charge of \$10 is made for use of delivery room for Obstetric cases.

Rates are the same whether the patient be a child or an adult.

The rates named include room, board, ordinary medicines and dressings, the services of the nurse of the ward, and of the House Staff. All fractions of a day will be charged for as a day.

An extra charge will be made for examinations made in the Pathological Laboratory, for the use of the operating room, for the services of special nurses when they are required, either by order of the Attending Physician or Surgeon, or to meet the demands of the patient, and for all extraordinary articles of diet, wines, medicines, apparatus, dressings, etc.

Friends of patients will be accommodated with room and board (the regular bill of fare only) when conditions will permit. The rate for any room will be the same as though occupied by a patient.

Personal clothing will not be furnished patients, nor will patients' clothing be laundered.

The Hospital will not be responsible for money or valuables unless they are deposited in the office for safe keeping.

Visitors will be admitted between the hours of 10 A. M. and 9 P. M., unless their presence is deemed prejudicial to the welfare of the patient.

Complaints should be made directly to the Superintendent.

All bills are payable strictly in advance.

...Open Words ..

The maximum rate is \$10 per week. In cases where the circumstances warrant it a reduction is made, and a certain proportion are admitted free.

AS TO FEES:

Pay patients should make their own arrangements as to fees with the members of the Medical Board by whom they are treated.

"No member of the Attending Staff will make any charge for professional services for attendance upon any patient who does not pay in full the Hospital charge for board, room and nursing; where the patient is nominated by the endower of a bed or room, but is nevertheless able to pay for the services of the physician or surgeon in charge, physicians' or surgeons' fees may be charged, if in the discretion of the Hospital authorities it is thought just and proper.

"The services of the Attending Staff are gratuitous to all patients who, in the judgment of the Hospital authorities, are unable to pay for the same.

"No officer, interne, nurse or servant is allowed to receive any fee or gift from a patient without the formal permission of the Board of Trustees."

Mr. L. R. Curtis, Superintendent, St. Luke's Hospital:

DEAR SIR:—I herewith beg to render you the twenty-seventh Annual Report of the Training School for Nurses for the year ending September 30th, 1911.

NURSES IN THE SCHOOL, SEPTEMBER 30, 1911.

Directress	1

Graduates on special duty days.....	7,354

September 30, 1911, closes a most satisfactory year for the Training School. The number of pupils have been increased and we are no longer dependent on the graduates for the special duty in the hospital. With the larger school, we fill the southern wing of the Saranac Apartment building. Having the entire wing makes it possible for us to keep the entrance locked from the outside, and turn the ten apartments into a private residence. We have named this building "Saranac House," to distinguish it from "Stickney House," the main home, which was given to the nurses, through the generosity of Mrs. Edward S. Stickney in 1898.

In order to accommodate the larger number of nurses, the first floor of this building has been arranged for a dining room, where each nurse has her permanent seat at one of the fourteen tables. The old dining room has been refurnished with wooden desks and chairs, making an excellent class room, while

the smaller room is used for a study and for conflicting classes and lectures. The old surgical dispensary has been fitted out for a nurse's laboratory and is more convenient than the old room used for this purpose, as we have running water which is so essential.

A graduate nurse has been placed in charge of the Eye and Ear Department, which not only adds to the convenience of the Eye and Ear Surgeons, but adds materially in the training of the nurses in this most delicate branch of surgery.

The Obstetrical Department, in which we have had an increase of patients this year, is also in charge of a graduate, and we are able to give each pupil eight weeks of training in obstetrical work, the preliminary weeks being in the main building.

Thanks to the able instructors and instructresses, the nurses have stood very well in their classes and lecture work, only three having failed in their examinations.

We have again to thank several members of the board for their thoughtfulness in sending their tickets to the Thomas Orchestra, also Mr. Wright P. Newman is entitled to especial gratitude from the pupils for the many opportunities given to attend the numerous concerts. The nurses had several enjoyable evenings during the winter through the kindness and generosity of Mr. and Mrs. Bryson, these parties are looked upon by the pupils as some of the brightest spots in their course of training.

Before closing my report I would like to thank the members of the Staff and others for their courtesy and cooperation which not only facilitate the running of the Training School, but the harmony adds greatly to the smoothness and success of the daily routine.

Respectfully submitted,

MARGARET E. JOHNSTONE, R. N.,
Directress of Nurses.

REPORT OF CHAPLAIN.

The Board of Trustees, St. Luke's Hospital, Chicago:

GENTLEMEN: The duties incumbent upon me as Chaplain have been performed as usual during the past year, Chapel services and bedside services in the Wards have been maintained as in the past. As occasion demanded patients have been given special spiritual ministrations to their great comfort and support. It is my custom to make calls throughout the Hospital daily, cheering and encouraging patients and ministering to bereaved friends.

Many of the relationships established with patients and their friends in this way are maintained through correspondence for years and the good thus accomplished and to be accomplished is incalculable. Results have been most encouraging to me personally and the importance of this part of the Hospital work can hardly be overestimated.

I rejoice to note that this feature of our work is highly appreciated and highly commended by the patients and their friends, and by many of the attending physicians who have had an opportunity to estimate the results.

Most important, perhaps, is our work in connection with the Training School for Nurses. To the influence of the daily Chapel service, deepening the spiritual life, emphasizing the priceless value of the soul, moving to consecrated effort, pointing them to a vocation and not a mere profession may largely and justly be attributed the noble spirit and devotion which characterizes St. Luke's Nurses in their work and for which they are so generally commended.

As the Hospital increases in capacity so increases the importance of our work in all its features. It ought to interest church men especially, and it is cer-

tainly to be hoped that their interest will be so aroused and conserved that they will make generous provision for such a Chapel building and equipment as will be in keeping with any other building for St. Luke's which the future may demand, and thus establish this a central feature of the work in this great Hospital.

To many friends our thanks are hereby tendered for gifts of books and periodicals. Good books and current numbers of magazines are ever in demand.

Grateful indeed are we also to the Doctors, Nurses and Office Force for uniform courtesies and co-operation.

Respectfully,

GEORGE DEMING WRIGHT,
Chaplain.

... RULES ...

AS TO

ROOMS, BEDS AND ENDOWMENTS,

SUBJECT TO THE RULES GOVERNING THE
ADMISSION OF PATIENTS TO THE HOSPITAL

1. A donation of \$10,000 endows a private room in perpetuity, and the endower shall have the privilege of naming the room.

2. A donation of \$5,000 endows a bed in an open ward in perpetuity.

3. A donation of \$300 supports a bed in an open ward for one year.

4. A donation of \$3,000 endows a bed in an open ward during the life-time of the donor.

5. Any room not endowed may be granted by the Trustees to the endower of a bed during his life-time, and he may, during that period, enjoy all the privileges accruing in perpetuity from the endowment of the room, in addition to the perpetual privileges accruing from the endowment of a bed. An additional endowment of \$5,000, at any time, shall endow said room in perpetuity.

6. Any room, not endowed and not granted as provided in Section 4, may be granted by the Trustees, to the supporter of a bed, and he may, during the year in which he supports the bed, enjoy the privileges accruing in perpetuity from the endowment of a room, subject to termination at the close of any year.

7. No ward, or other division of the Hospital, shall be named without action of the Trustees.

Note.—The endowment of a bed entitles the endower to nominate one patient at a time to an open ward bed free of charge at any time when there is such a bed vacant, and, if all the beds are filled, to the preference over other applicants when a bed becomes vacant.

If an endower desires any service from the Hospital in excess of that furnished the open wards, a bill will be rendered at current rates, and the current ward charge, which is at present \$10.00 per week, will be credited to the endower on the bill.

The endower of a bed in perpetuity has the right to name a successor, which right to name a successor shall belong to each successor. If an endower or his successor fails to name a successor it will be deemed to lodge the right in the Trustees of the Hospital, who will thereafter exercise the right of nomination to the endowed bed.

THE PERSONS NOMINATED TO FREE BEDS SHOULD BE WORTHY SUBJECTS FOR SUCH CHARITY.

Free and Part Pay Patients

The Hospital will, when there are vacant beds in the open wards, receive patients whose means are very limited for any sum which they may be able to pay, and those without means as wholly free patients, provided they are admissible under the rule governing the admission of patients.

Applications of the admission of patients, who are unable to apply in person, must be made prior to sending them, and should be made between the hours of nine A. M. and five P. M. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

Persons making application on behalf of others should be able to furnish concise information on the following points:

The nature of the disease or injury.

The duration of the disease or the date of the injury.

Present condition of the patient.

What treatment if any has been received?

Is the patient able to pay the full rate, or pay in part, or is he or she a proper subject for admission as a free patient?

Patients will in the usual course be received only between the hours of nine A. M. and five P. M., but emergency cases will be received at any hour.

EXTRACT FROM THE RULES

“The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible: Sufferers from contagious, dangerously infectious, or incurable diseases, cancers of an incurable and offensive nature, drug habits, delirium tremens, insanity, venereal diseases, phthisis and persons whose presence in the wards would be prejudicial to the welfare of the other patients.”

“Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the reasonable instructions of the physicians or nurses, or who wilfully violate the rules of the Hospital will be discharged.”

REPORT OF THE PRESIDENT.

I present herewith my Annual Report of the Woman's Board of St. Luke's Hospital.

It is gratifying to find that the work accomplished by a number of the Committees exceeds that of any previous year.

I wish to thank the officers and members of the Board, as well as our many friends, for their generous help and support.

Respectfully submitted,

ANNIE L. DE KOVEN,
President.
